

Let me touch you
Feel

All we must do is
my
space of life touch so real
Let touch spirit say

What is life but now
What is now not
Love
Embrace me such is love
We must think
can
about

LCT (Landing Craft) can be used

Now it is a new concept

WLF (Water Landing Craft) is a new concept
with a grid-like structure on top
which can be used for landing
and taking off. It is a new concept
for the future of the navy.
It is a new concept for the future of the navy.
It is a new concept for the future of the navy.

Stop making such a big deal out of it

A small boat is making a landing
on the beach. It is a small boat
which is making a landing on the beach.
It is a small boat which is making a landing on the beach.
It is a small boat which is making a landing on the beach.

How to get there

El Sapo Dorado is located in the Tilarán Mountains approximately 115 driving miles from the capital city of San José in Costa Rica. Several major airlines provide daily service from North America and Europe to San José.

El Sapo Dorado offers private round trip transportation anywhere in Costa Rica. If renting a car, visitors may take the Interamerican Highway north from San José to the 149th kilometer marker, after which turn right for the 33 kilometer drive up the gravel road to Monteverde (follow signs). Allow about 4 hours for the journey from San José to Monteverde. To come by bus phone: 222 3854 (only, Spanish spoken) for the twice daily direct bus schedule from San José to Monteverde. Watch your luggage!
